Your parents are probably worried about you.

You guys just laze around all the time. Don't you have any homework to do?

I meant your future pa-rents.

Ahh, something important for me to do! Run away!
Well Papa, maybe if you'd choose a wife already we could get back to the future!
but I bet they feel alone...
That's what they say.
Whew -
Huh...? She's not here.
Hm? What's that?
Maybe as her father I should teach her something about caring for others...
Hiiro in particular seems so dry.

WAaAGH!?

But I guess it's not all that far in the future.

Who are we to her...?

Hey, Hiiro...
Who are we?
That is a good question...

But that is a question...
we do not need to answer!
That sounds like something a villain would say!
My gracious... Will you stay away from my daughter if I give you some money?
Papa, you're an idiot!
How dare you speak to me that way! Your friends are a bad influence on you.
Your taste in food is becoming unpredictable, and you're becoming selfish...
Yellow Person.

If you're given food that you don't like, you should say that you don't like it.
If you let him know what food you like, then he'll probably make you that food.
19
My favorite food...
is the curry that Papa used to make for me.
When I was younger, we were poor... We ate watered down curry every day.
I loved it, and I was happy. I love it more than anything!
Kiiro

Gotcha!
Wha ?
?
It may not be possible with only one or two people ..
But with the power of three people we can break through your stupid barrier!
What -!?

Sorry, Papa!
I'll be back!
Haha haaa! Got your daughter!

Agh!

Karin.
I just wanted our child to have as many opportunities in life as possible.
I don't need any damn beautification!
Mistress! You aren't finished yet.

So you finally get it?
But she should be spending time with other people instead of being isolated... I remember when she used to smile.

Ha ha ha. You're right...
the two of us should be spending time with her too.
You know,

We're back!
Hm? Did you guys go some-where?
Uhhh, oh yeah.

Papa, Mama's gonna be at work late tonight.
so can you come over and make me some curry !?

What? I don't think I can make it very good.
That's per-fect!

All right, it's done!

Saku-raga! I need to speak with you. Come to the infir-mary.
I was gonna come on my own, but I don't mind being carried, so okay.
You're still in Japan, eh, Rose-san?
Yes, that's what I wanted to talk about.
Due to compli-cations with my work as an exor-cist,
I need to go back to my home country for a while.
Well, isn't that wonder-ful!
I have no problem killing you.
Ahem! Let me get to the point.

[ヨメイロちょいす]

たっ
たっ
Please, stop!
All Japanese people are as indecisive as me these days!
ビ!!!
ビ!!!
Do it with me already! You give a bad name to all the boys of Japan!

Chapter 33: "An Empty Day"

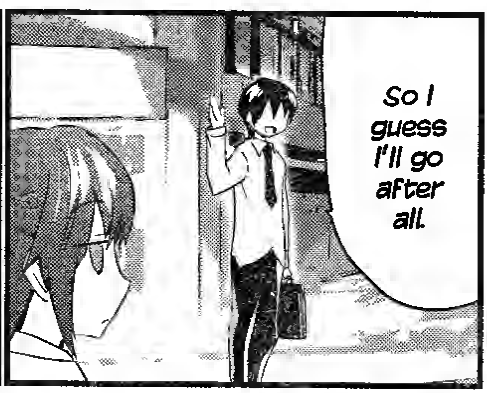
Please, Mother! You can't rush this!
Just remember the old saying... When in Rome.
You want me to follow his customs?
Oh, Mother!
Oh... At first glance I thought it was an angel, but it's actually my lovely (future) daughter Cerulea.
Yes, exactly! You both have tomorrow off.
so how about you two go on a date!
...And that was about it...

What do you think? Should I go on the date?
We don't even know each other that well...
Hmmm...

If you want to go, then go! If you don't, then don't!
It's not like I DON'T wanna go...

First things first!
Was I really your first choice to help you decide this!?

You don't mind? You don't want me to stop him?
ふぁこ

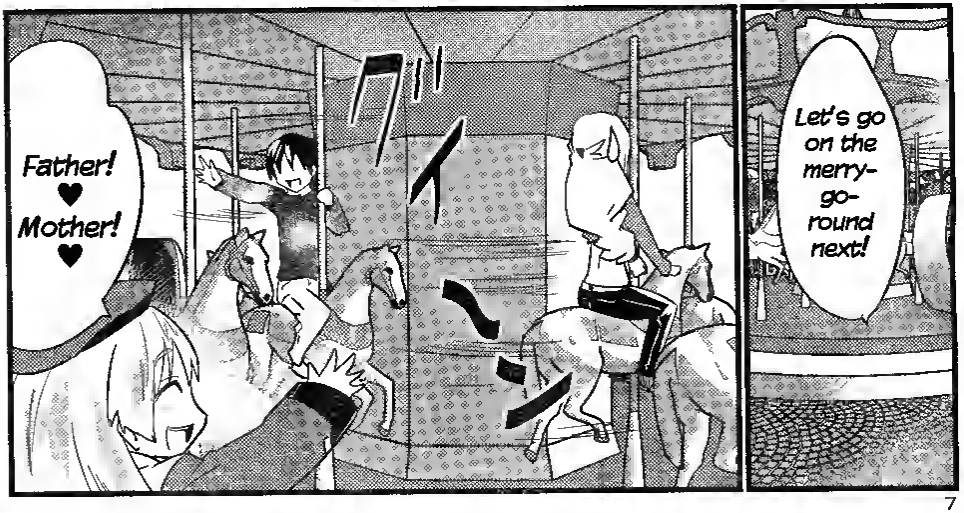


So I guess I'll go after all.

He doesn't even care about what really matters.
Want me to go spy on them?
It doesn't matter! He's not going to get anywhere with her anyway! That's Saku for you.
He's a gutless loser!
HAHA!
I'm just glad you're not angry, Mama.
You're late!
Father!
Dream

Ahhh! You're right. I'm probably going to get in the way!
Oh, I didn't know you were coming, Cerulea.
Who's a wild animal?
Maybe she won't act like such a wild animal with you around.
No, not at all! This would be a lot worse without you here, actually. My chastity's at stake.
OH! THE COFFEE CUPS!
Let's go!

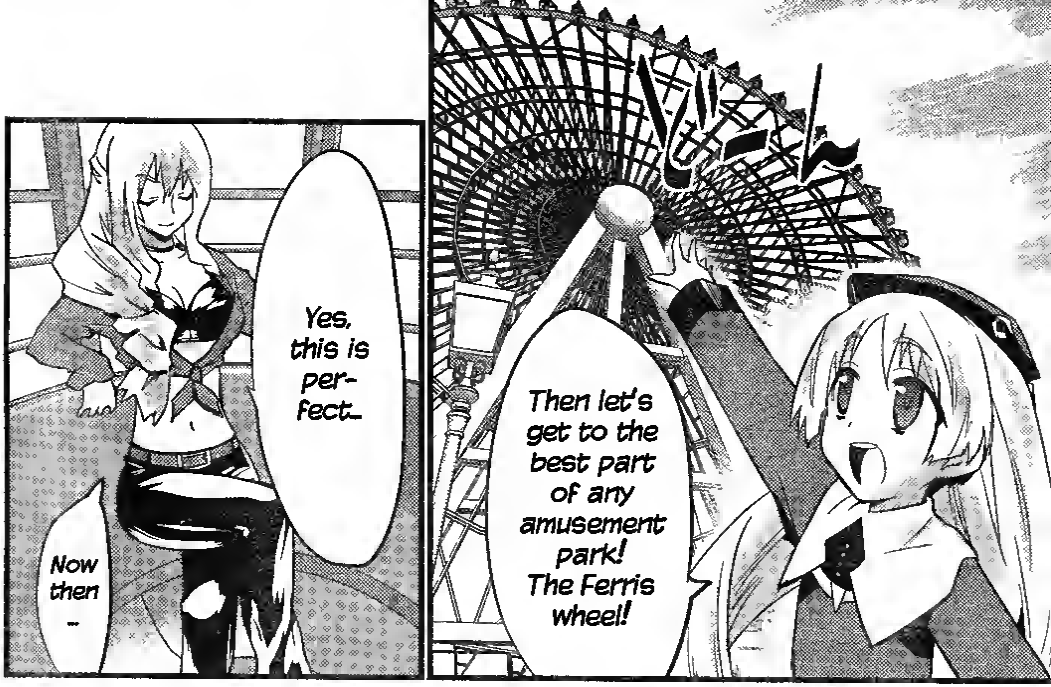
This is so much fun! This is so much fun!



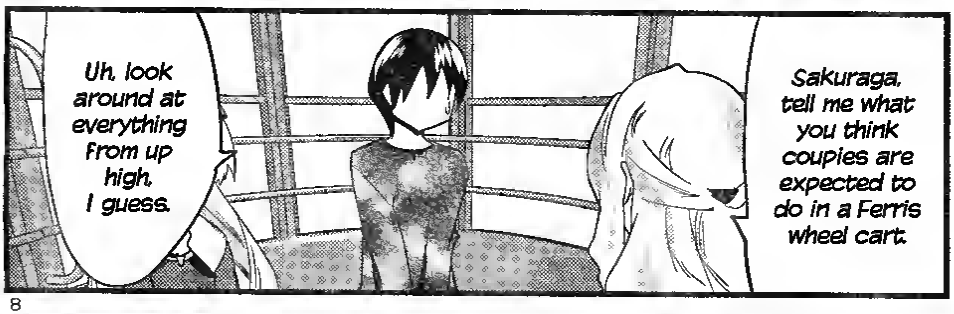
Father! ♥ Mother! ♥
Let's go on the merry-go-round next!

I don't like crowds... I want something a little more private.
Pri-vate?

...Uh... Are you not having fun?
No! We are! It's just...



Now then --
Yes, this is per-fect...
Then let's get to the best part of any amusement park! The Ferris wheel!

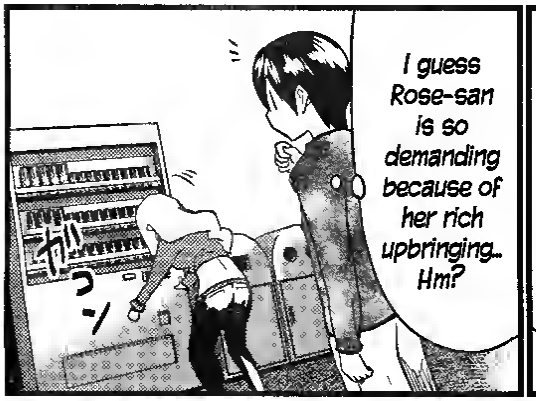


Uh, look around at everything from up high, I guess.
Sakuraga, tell me what you think couples are expected to do in a Ferris wheel cart.

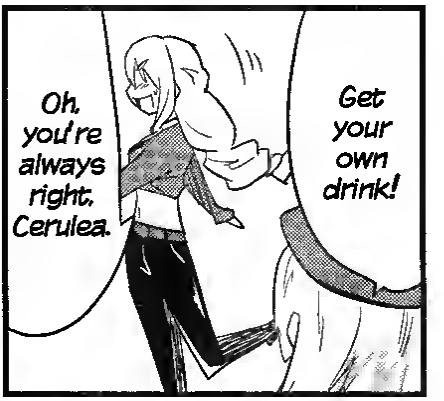
REALLY !?
Wrong. The correct answer is to mate like rabbits.

And first of all, do you really want to do this in front of your daughter? She'll be traumatized!
In any case, there's no escape for you here!
Eeek, you're rocking the cart, Rose-san!
Oh... I remember that...
N... No, I'll be fine! My big sister Moegi taught me all about it before!
Sigh.
I just realized... She called Moegi her big sister...
Saku-raga! I thirst. Get me a drink.
Mo-ther!

A real married couple can only be happy if they give each other mutual respect!
Father's not your waiter!

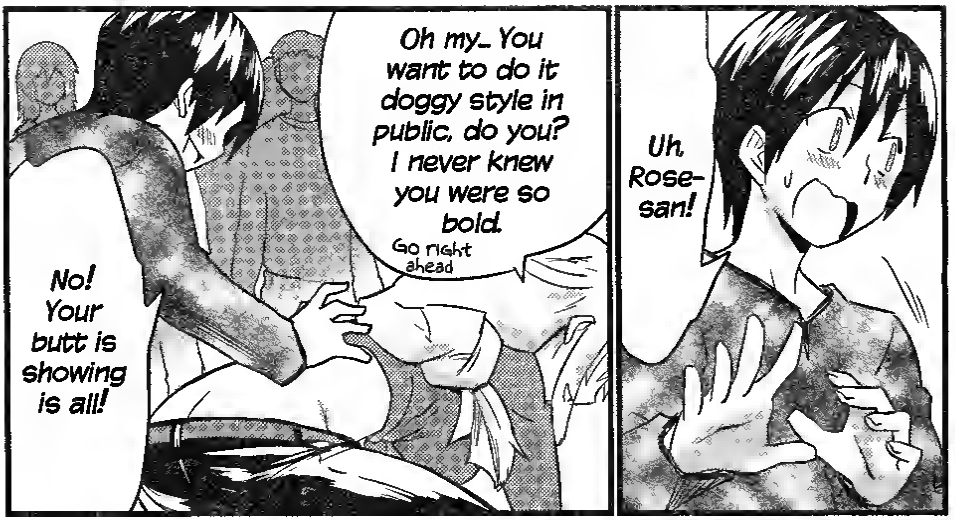


I guess Rose-san is so demanding because of her rich upbringing... Hm?

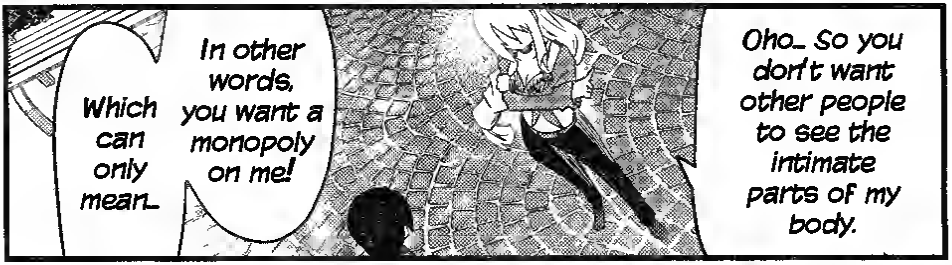


Oh, you're always right, Cerulea.
Get your own drink!

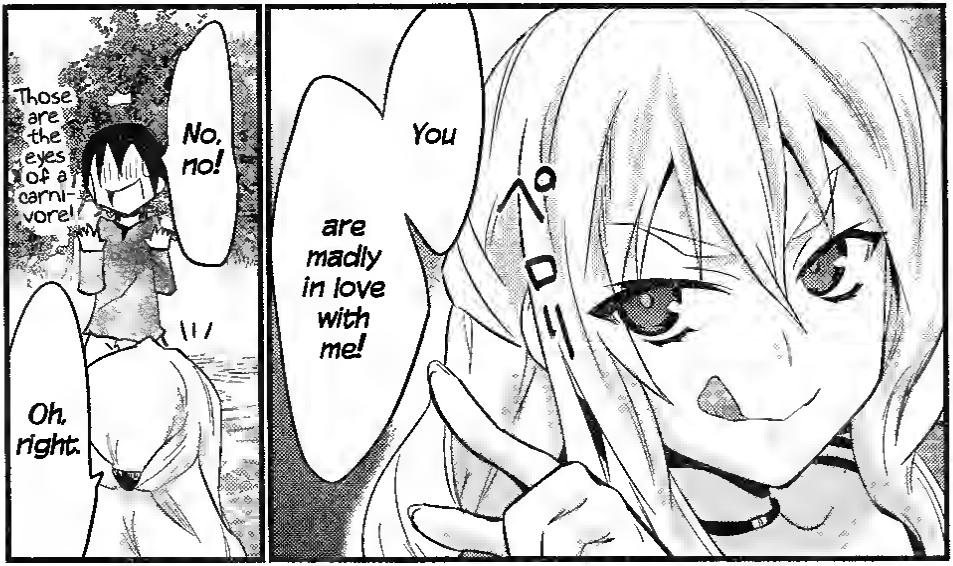
HER PANTS ARE SLIPPING DOWN AND I CAN SEE HER BUTT-CRACK!



Oh my_ You want to do it doggy style in public, do you? I never knew you were so bold.
Go right ahead
No! Your butt is showing is all!
Uh, Rose-san!



Which can only mean_
In other words, you want a monopoly on me!
Oho_ So you don't want other people to see the intimate parts of my body.



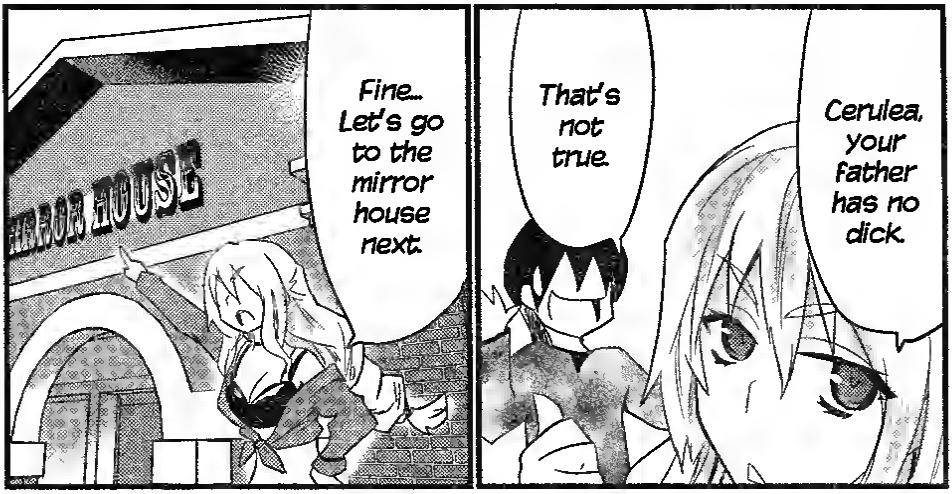
Those are the eyes of a carni-vore!
No, no!
Oh, right.
You are madly in love with me!
ドリ

My legs are tired from walking around all day.
Rub them.

Mother, not again!
I'm not finished.
As a treat to you, I'll allow you to rub not only my legs,
but any part of me you desire.

ANY PART!?

That's respect of the highest caliber.
I'll just rub your legs.



Cerulea, your father has no dick.
That's not true.
Fine... Let's go to the mirror house next.
MIRROR HOUSE

Sounds good to me...
Wait, I'm lost already!

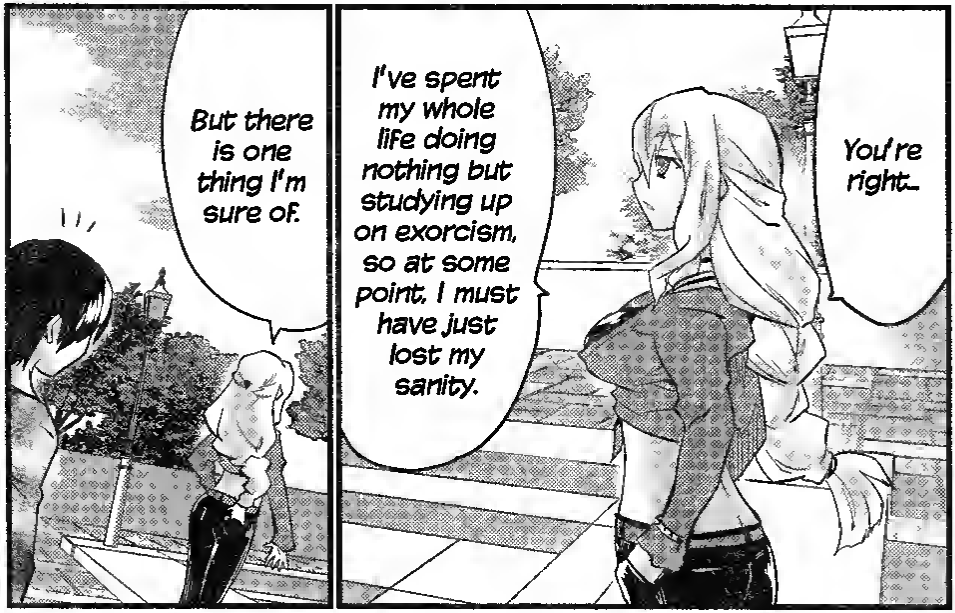
Nn?

Ahhh, there's a naked blond woman coming at me from every direction!
I should be loving this, but I'm scared!
Wh-Where's the exit!?
MGHH?

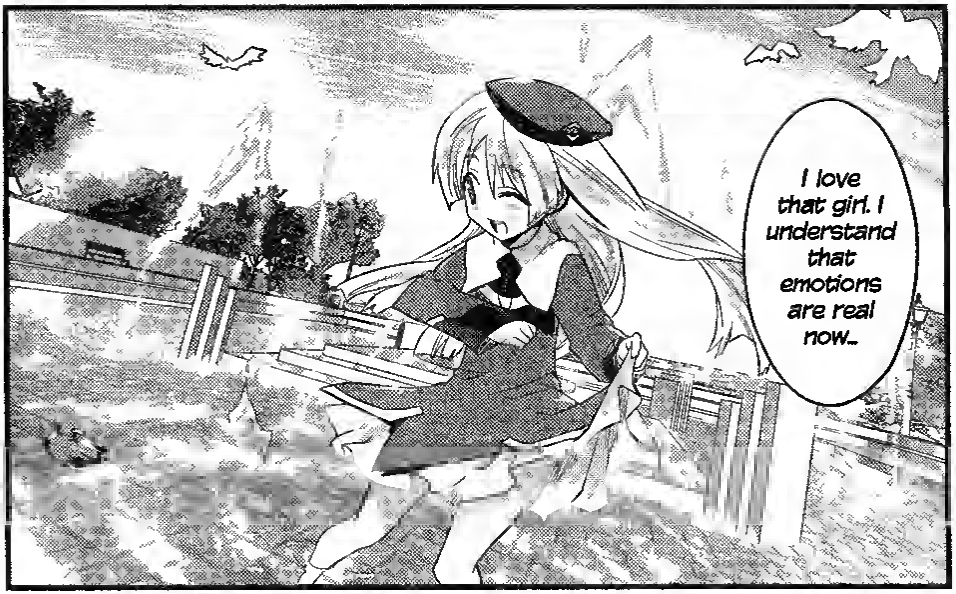
I don't know where the exit is.
but there's an entrance for your penis right here. ♥
Sigh.
CUT THAT OUT!
What do you want from me?
A boy your age should have his testicles practically bursting with semen after advances like that.
What?
Hahh...

Hey!
I think you're insane, Rose-san.

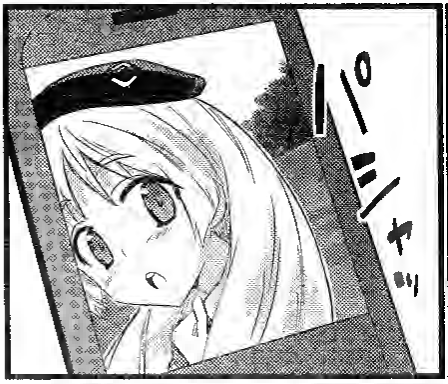
I don't want to do that.
It's irresponsible to give in to lust just because you know you might have a kid some day.



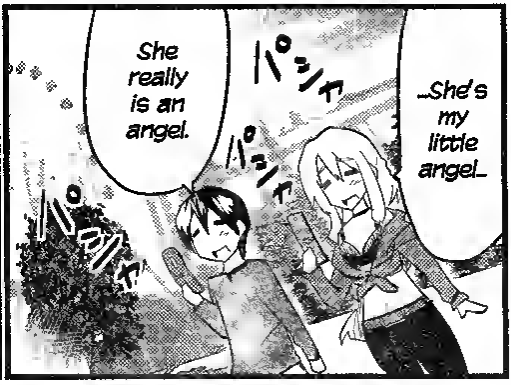
But there is one thing I'm sure of.
I've spent my whole life doing nothing but studying up on exorcism, so at some point, I must have just lost my sanity.
You're right...



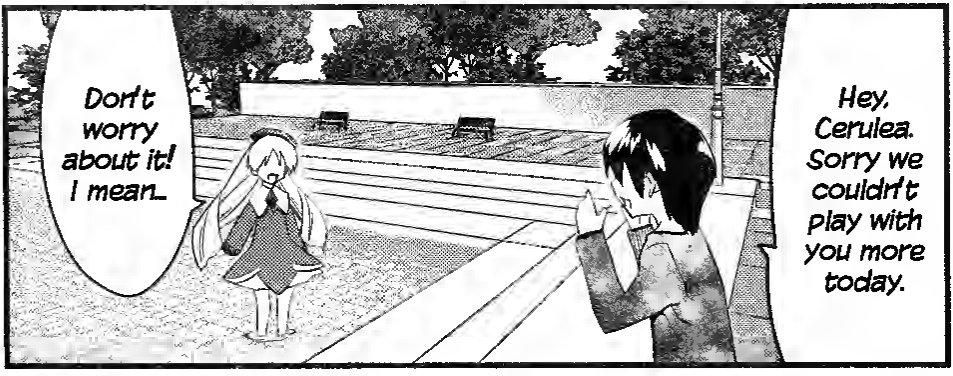
I love that girl. I understand that emotions are real now...



パシャ



She really is an angel.
...She's my little angel...
パシャ
パシャ
パシャ

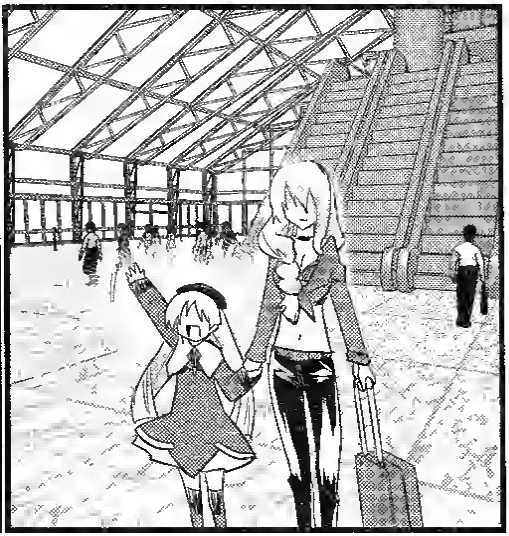


Don't worry about it! I mean...
Hey, Cerulea. Sorry we couldn't play with you more today.

How many people get to see their parents' first date? It was wonderful.
This must have been fate!
Now that I've seen how much you love each other, I'm not worried about how I'll be born anymore.
Do you think we look like we're in love, Rose-san?
I don't know.
Still ...

I feel like I know you a lot better today
than I did yesterday.

Whew.
Don't know how, but I survived another day...



あふぅ…
Mother! I had so much fun. Let's come back soon!
Hm hm... We will.

Get some sleep. I'll wake you up when we get there.
Okay.

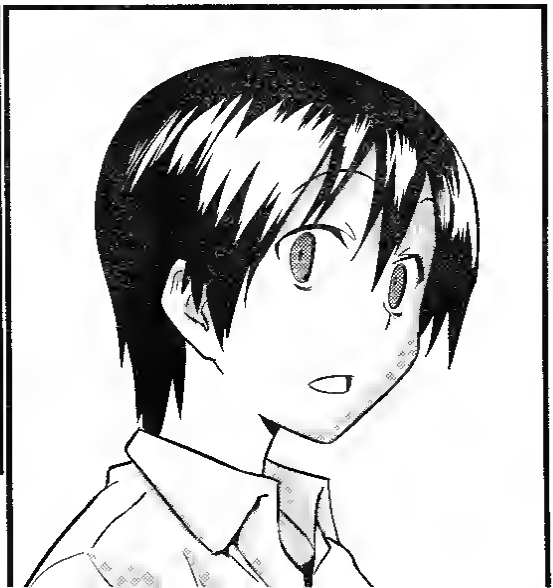
Cerulea!

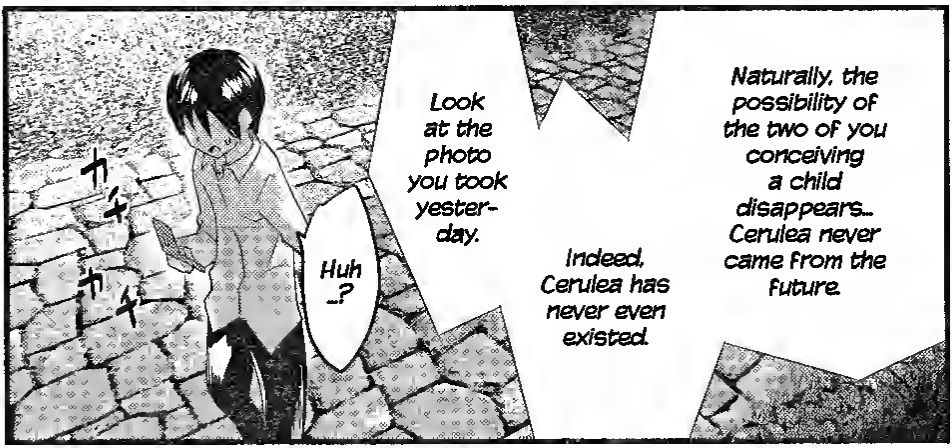


D... Daughter...? Saku-chan.
You already have three daughters who came from the future. That's not enough for you?

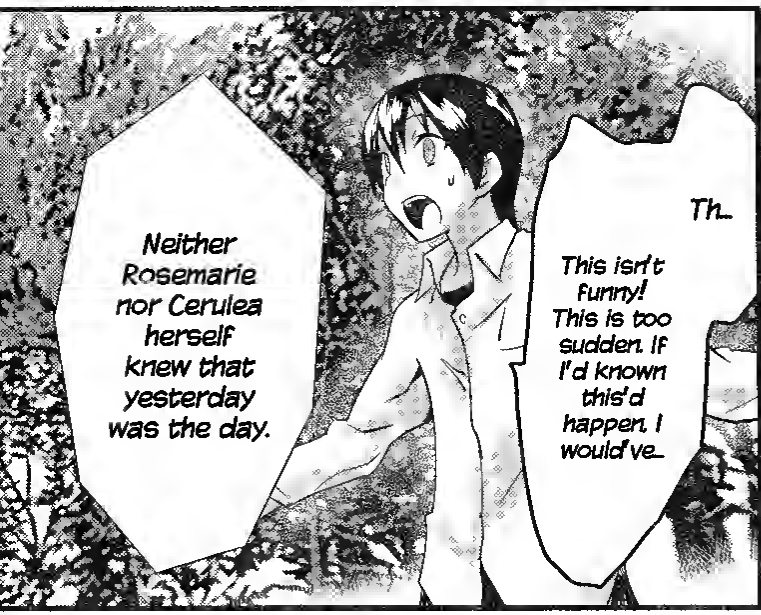
Ah, Saku-chan?
Ran-nee wouldn't joke like that.
Does that mean... she... Oh my God...
I need to call Rose-san...

What the? Her number's not in here. I'd swear I...
Allow me to explain.
Your relationship has weakened.
Everything relating to her has disappeared.
What!?

and she will never come back to Japan again.
Although Rosemarie hadn't planned on staying away long, her strict grandfather will oppose her return.



Huh...?
Look at the photo you took yesterday.
Indeed, Cerulea has never even existed.
Naturally, the possibility of the two of you conceiving a child disappears... Cerulea never came from the future.



Neither Rosemarie nor Cerulea herself knew that yesterday was the day.
Th...
This isn't funny! This is too sudden. If I'd known this'd happen, I would've...

No...
Cerulea's gone...

When you leave your house in the morning, your fate can be changed by something as simple as, say,
whether you step out with your right foot or your left foot.
People are unaware of this, and constantly make decisions changing their lives.
Saku-raga Saku.
My name is Laus.
I have come to restore your relationship with your daughters to nothing-ness..
I am a messenger, sent to end every-thing.

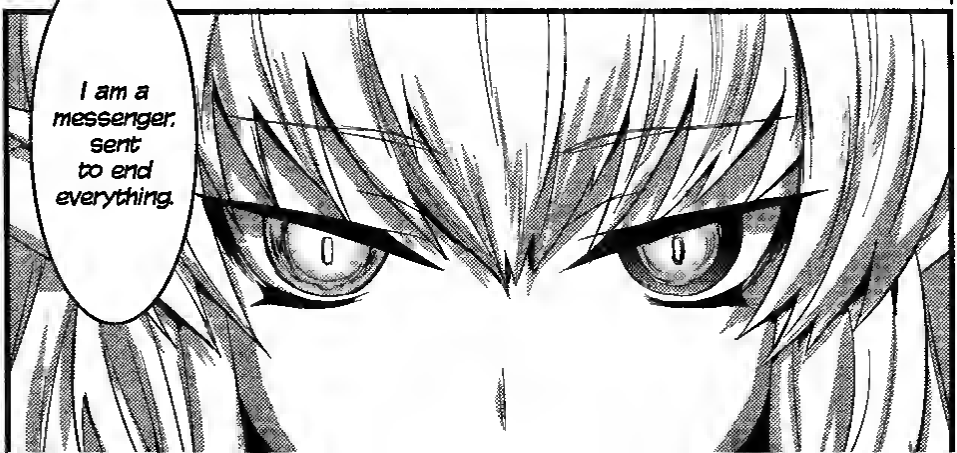
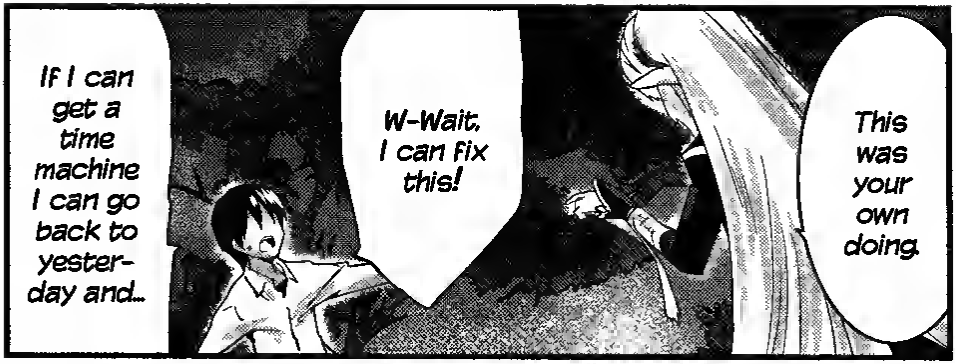
Chapter 34: "Am I Really Here?"

てんくら tenkla



You want to end my relationship with my daughters...?
Then... you're the one who erased Cerulea...?
Oh no, don't misunderstand.
I had nothing to do with that.
I am merely here to convey the truth.
Contrary to popular opinion, ignorance is most certainly not bliss.



If I can get a time machine I can go back to yesterday and...
W-Wait, I can fix this!
This was your own doing.

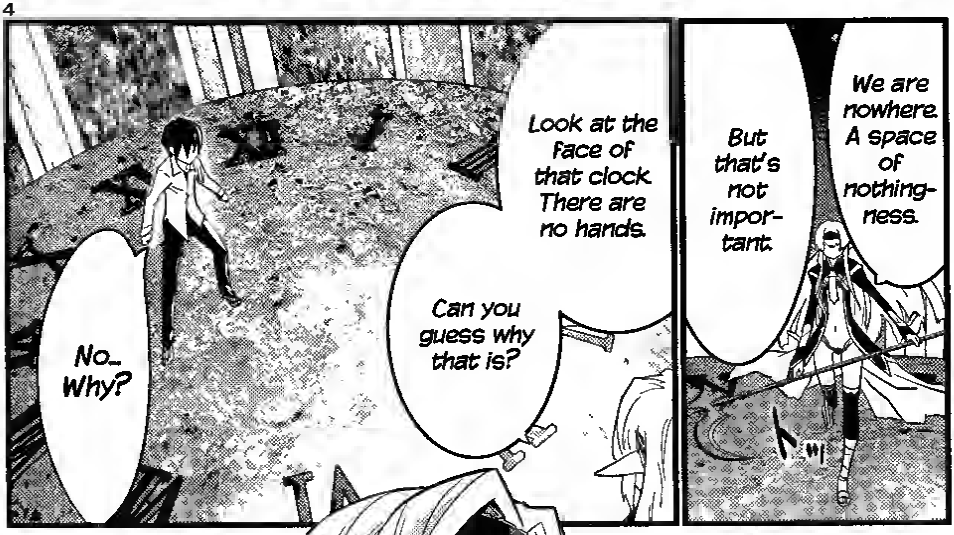
And what will you do if you go back?
Buy some time?
Go back?

I didn't know...
Do you know what time is?
What?

You found solace in escape. You were satisfied.
Now that you know the result of your actions, you change your mind and want to go back?
W... Well, I mean...

パシン

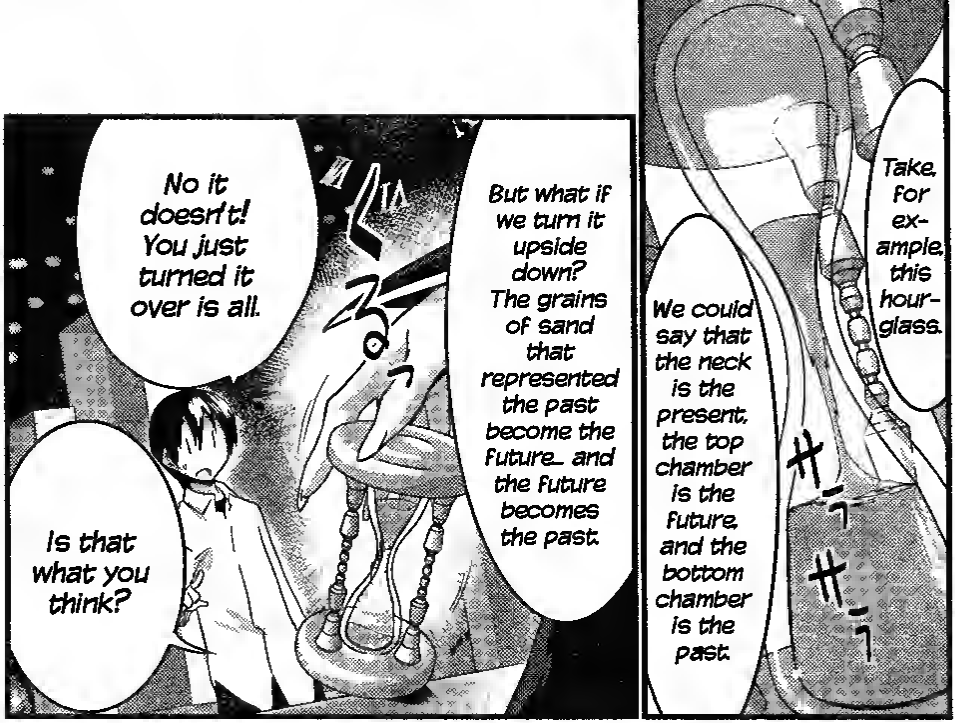
Where is this!?
Wah!



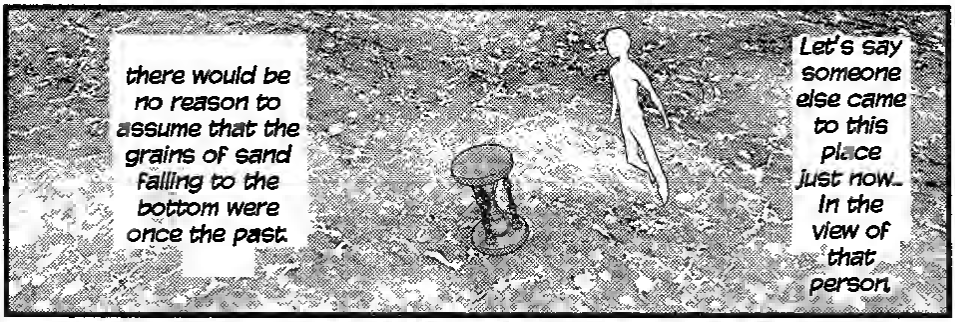
No... Why?
Can you guess why that is?
Look at the face of that clock. There are no hands.
But that's not important.
We are nowhere. A space of nothingness.

time does not exist.
In this world,

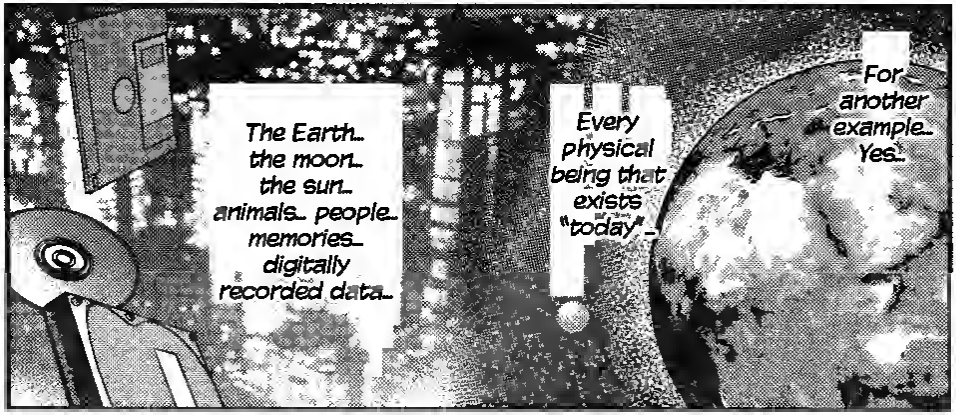
Even here, I can count the seconds...
That's not true! Time does exist.
No. I mean in the world you live in.
This world...? You mean in this nothingness?
Do you really think so?
To many people, time is nothing than a simple physical phenomenon someone happened to decide was a linear measure.
To you people, "time" is when the sun goes down and a day passes... When the Earth revolves around the sun and a year passes...
Maybe you can count seconds... But who devised that unit?
?
...I don't understand.
Even things that appear to keep the same form are constantly changing...
Physical objects do nothing but constantly change their state.



Take, for example, this hourglass.
We could say that the neck is the present, the top chamber is the future, and the bottom chamber is the past.
But what if we turn it upside down? The grains of sand that represented the past become the future... and the future becomes the past.
No it doesn't! You just turned it over is all.
Is that what you think?



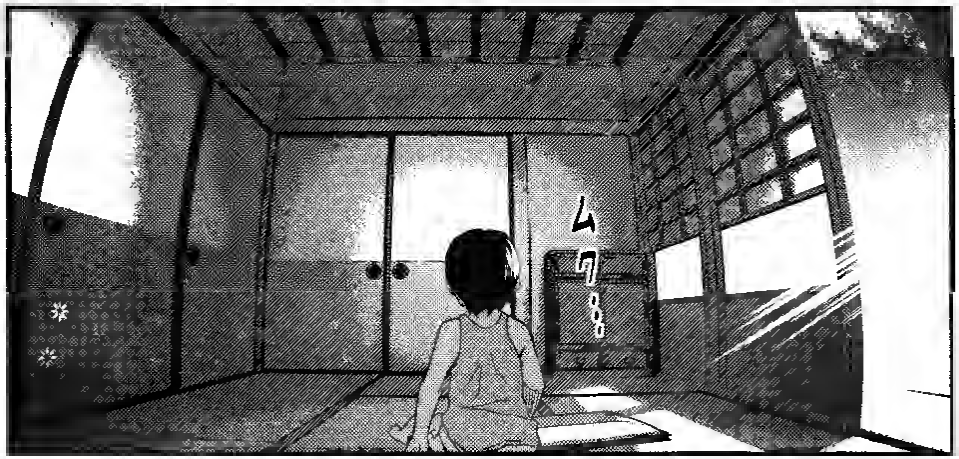
Let's say someone else came to this place just now... In the view of that person,
there would be no reason to assume that the grains of sand falling to the bottom were once the past.



—For another example... Yes...
Every physical being that exists "today"—
The Earth... the moon... the sun... animals... people... memories... digitally recorded data...

That... is all time is. Nothing more.
If everything were exactly as it was yesterday, then there would be no distinction between "yesterday" and "today".
What will you do?
The "time" you want back so dearly is nothing more than an idea.
Now, what will you do, Sakuraga Saku?
7
Th... That makes no sense! I mean, I...
I... I...! I don't ...!
It's okay... Make your decision.
パチーン

...
...



ムラ

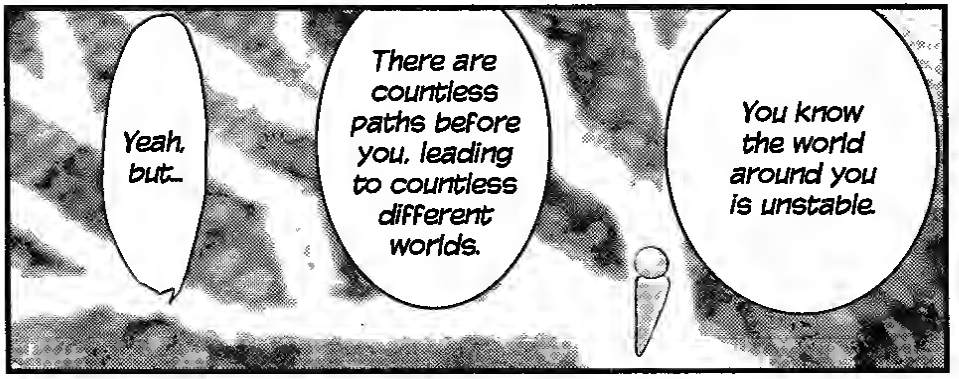
Saku-chan!
That was some heavy stuff.
What the_? Was that a dream_?

I got you some ice cream.
Do you want it now?
Yeah! Give it here!
Wait.
Ran-nee's the same as always, so why am I a kid?
?
Oh, I get it.
This is a dream.

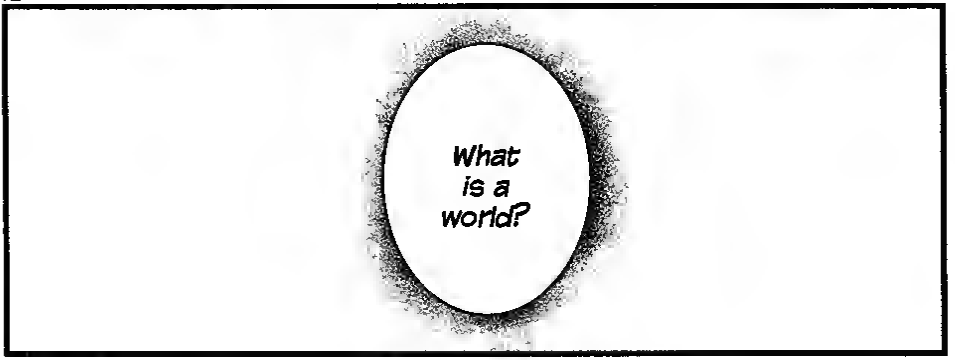
Ran-nee! Boobies! Let me take a nap on your boobies!
Ohh, fine Saku-chan...
Yay! They're so soft!
Ahh!
Uh oh, my ice cream is dripping!
Ah! That's cold!
Oh no! Gotta get you clean now! Slurp, slurp, slurp...
Ahhh, Saku-chan, no, that tickles!

あー
Better slurp this part too...
All you care about is her physical body.
You're just taking advantage of her kindness...
You are contemptible.
You can disappear for all I care.
I don't want you if you're going to be like this.
Sh... She's right... I'm terrible...
I can't...
I can't choose Ran-nee...

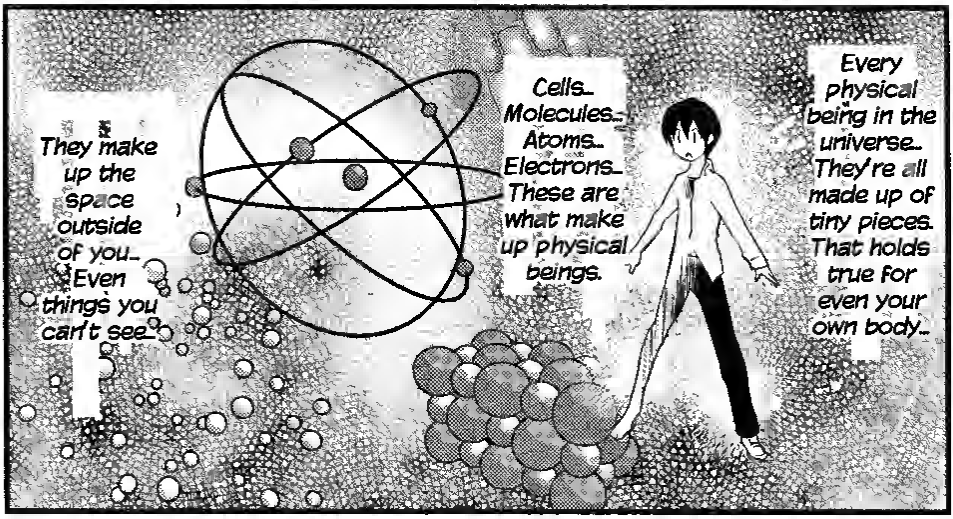
This is... What...?
Was that a dream...?
Welcome back, Saku-raga Saku.
Do you really think that was a dream?



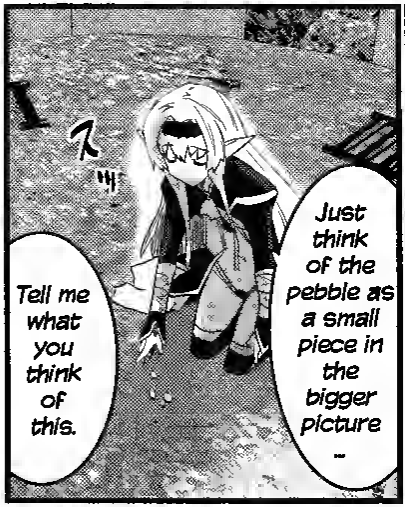
Yeah, but...
There are countless paths before you, leading to countless different worlds.
You know the world around you is unstable.



What is a world?

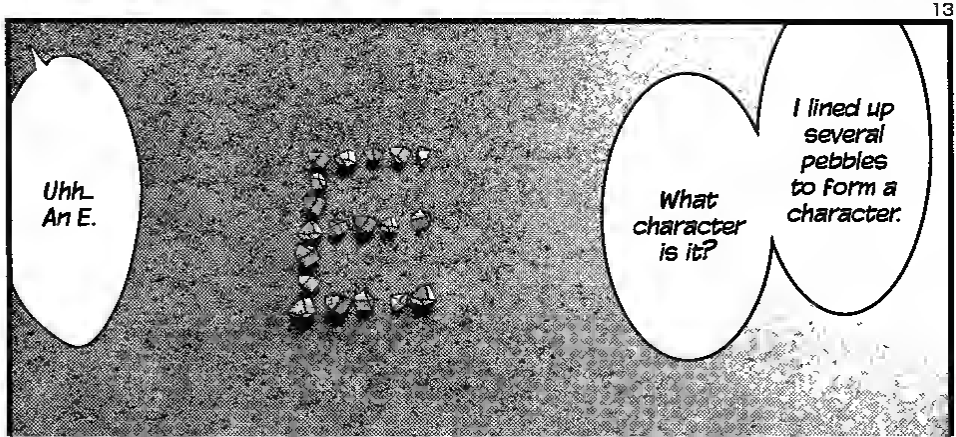


They make up the space outside of you... Even things you can't see...
Cells... Molecules... Atoms... Electrons... These are what make up physical beings.
Every physical being in the universe... They're all made up of tiny pieces. That holds true for even your own body...



Tell me what you think of this.
Just think of the pebble as a small piece in the bigger picture...

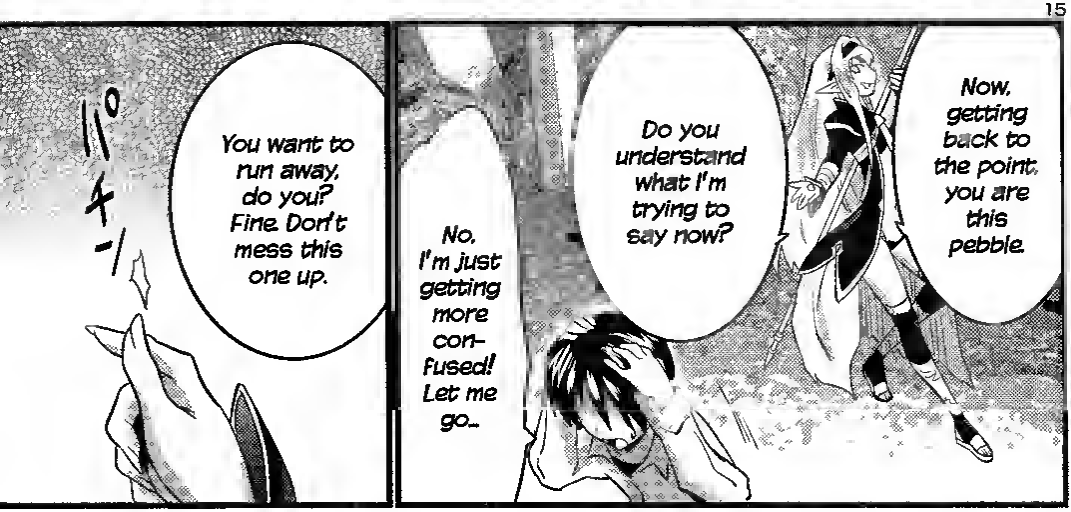
That's ridiculous.
I could even say that you and this pebble are one.
In other words, there's nothing separating you from anything else.



Uhh... An E.
What character is it?
I lined up several pebbles to form a character.

An E.
Charming.
But you're wrong.
To me, it's a 3.
?
From this side, it looks like an M.
And from this side, it could be a W_ or perhaps the Chinese character 山.
Pebbles are curious objects. They haven't changed, yet one can see them as countless things.

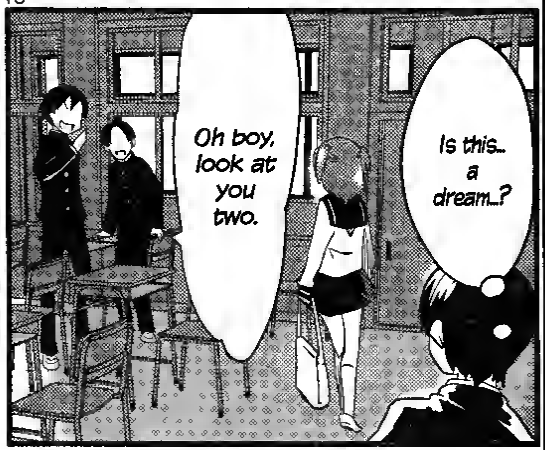
In this way, there exist many worlds.
You humans find the term you yourselves created, "parallel universes", to be beyond your comprehension.
You think of them as neighbors you don't understand... or as places far beyond your reach.
But the fact is, they've always been right there.



Now, getting back to the point, you are this pebble.
Do you understand what I'm trying to say now?
No, I'm just getting more confused! Let me go...
You want to run away, do you? Fine. Don't mess this one up.

I fell asleep again... Where am I...? School?
Saku!

What the...? Karin's wearing a middle school uniform... Hey, I am too...
Get up! It's time to go home!

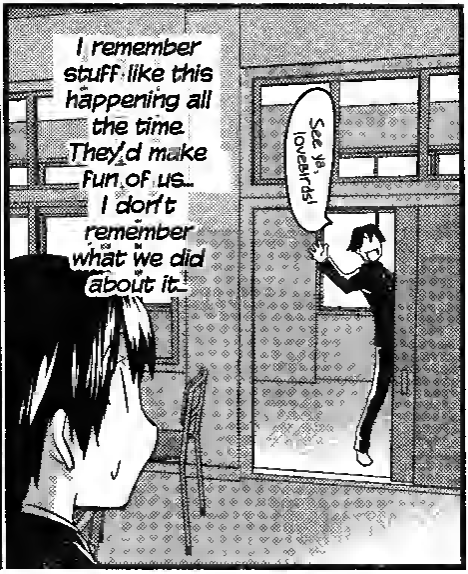


Is this... a dream...?
Oh boy, look at you two.

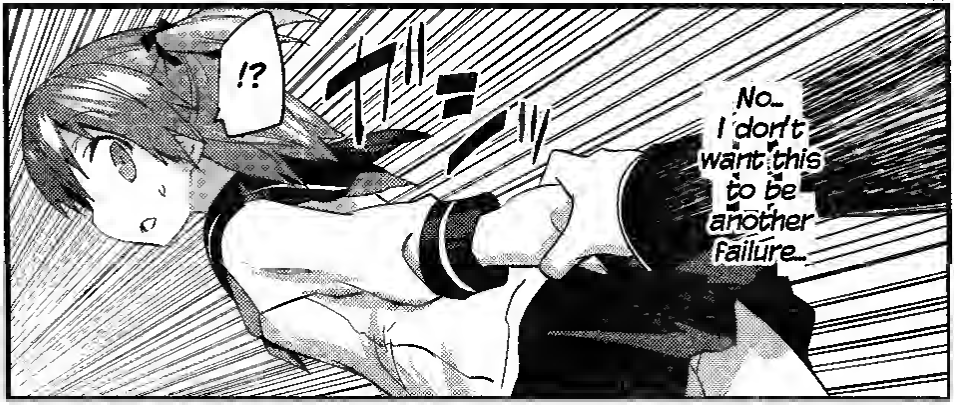
How much sleep can a guy possibly need?

Wha-!?
Saku and Karin sittin' in a tree. K-I-S-S-I-N-G!

A-A-A-Anyway, just because we live close to each other doesn't mean we have to walk home together. People make fun of us when we do!
I'll leave ahead of you, Saku!



I remember stuff like this happening all the time. They'd make fun of us... I don't remember what we did about it...
See ya, lovebirds!



!?
No... I don't want this to be another failure...

They're just jealous of us. Let them say whatever they want.
I want to be with you, Karin.
Wh-Wh--!?
Wh-Wh-Wh-Wh--!?

Good. This is perfect.
ｶﾀｰ
ｶﾀｶﾀ
I-I-I- If you... If you really don't mind what they say,
then I don't mind either. I don't mind.

I'm walkin' here!
Outta my way!

You're running away to your childhood friend just because you think she's the safest bet!
I don't want that!

And hey, Papa?
You only came here 'cause you couldn't choose Kuraran... Don't you realize how terrible that is!?
You're just doing the same thing you always do!

I'm sorry. I can't choose Karin...
She's right... I'm lower than dirt...
Hey, are you even listening!?

Welcome back, Sakuraga Saku.
Oh my goodness me, you couldn't choose yet again?
You need to choose sooner or later.
Pick a path.
If I leave an unstable seam like you open,
the universe will collapse upon itself before I know it.

Who's left...? Uhh...
She's right... I need to make a choice...

There she is...!
Kozue-saaan! Please, let me impregnate you!
Ahhh! A scary old man!
21
Hey, you degenerate asshole! Hands off my mom!
Ooh!
You can't just pick her 'cuz you got no other options left! Jesus Christ!
She's right... I can't choose Kozue-san...
He's over here, officer!

ナゲ ニィャ ニィ

Why can't you choose?
Will you feel sorry for the girls you don't pick?
No.
You just don't want to live with the knowledge that you hurt someone.
You are a pathetic human being.

I know... I'm a terrible person...!
I always run away... And doing that only hurts them more...
I'd rather everyone just forget about me...!

Naturally, there exists a world in which precisely that happens.
Who are you again?
...Who are you ...?
I don't know you.
I've never seen you before.

I'll stay by your side.
Now, come to me. Even if everybody else forgets you...

You'll take me?
You don't mind being my last resort?
You don't mind taking a disgusting, clingy idiot like me...?

Of course not... I understand how hard it's been for you.
Let me stroke your head.
Fall into me, and I will hold you.
Open your body to me.
Ahh -
Ahh... It's you I want.
Please, bare my child...

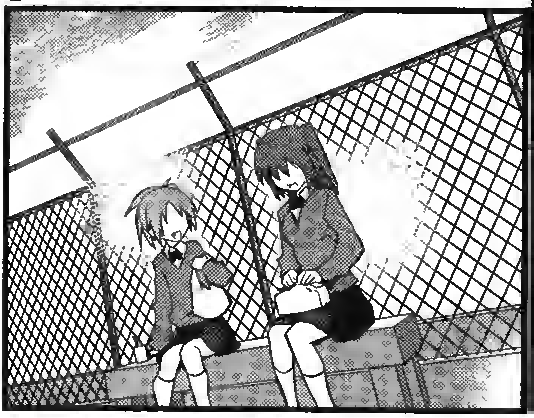
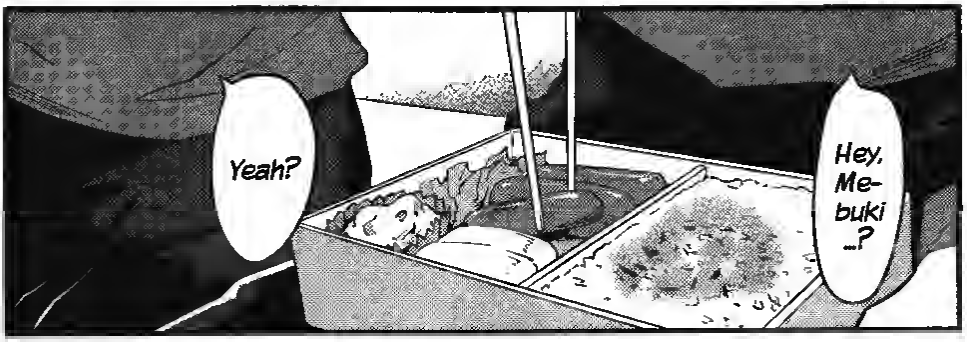
Hold on Karin, I'll be there in a sec.

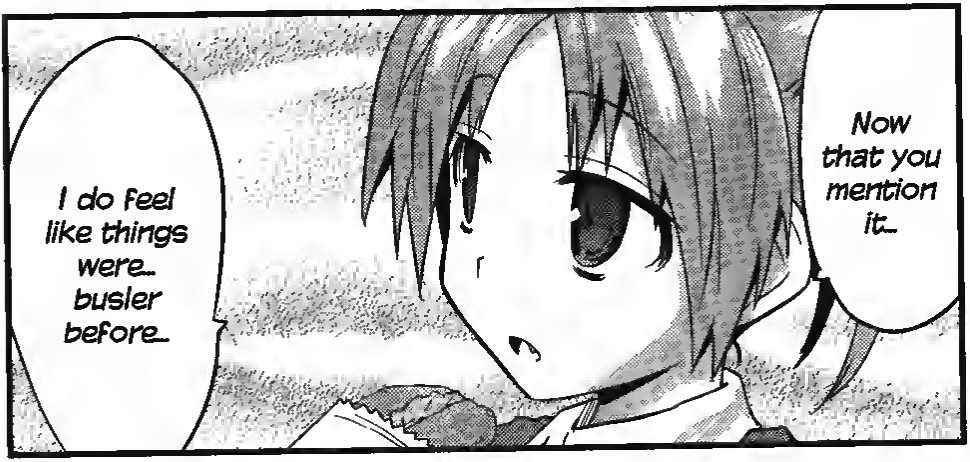
Mebuki! Let's eat lunch!





Hey, Mebuki...?
Yeah?

Don't things seem quieter than usual?
I don't know. Maybe.
I feel like... there's some problem we're forgetting.



Now that you mention it...
I do feel like things were... busier before...

it seems like it was more fun then.
But at the same time...

4

Hello there.
Did you just get home, Karin-chan? Pretty warm weather we're having, isn't it?
Oh, hi, Kuran-san.
Sigh.
ガチャ

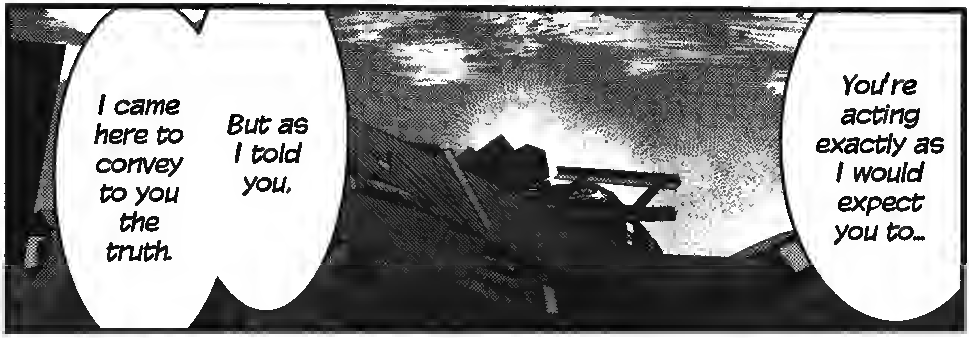
Why am I living alone anyway...?
Wait... How do I know my neighbor? Just because she's my neighbor?
These... are heavy.
Was I going to eat this on my own? When did I become such a glutton...?
Why did I buy so much...?
...What the?

Their memories are still muddled...
but that'll be settled before long. Soon there'll be no trace of you left...

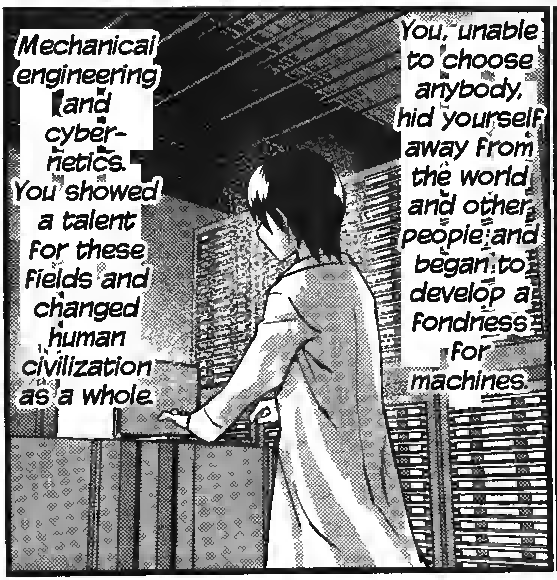
I... don't care...

People's minds and memories are just chemical reactions... Electrical signals... They're no different than an arrangement of seeds.
Yeah, well...

...
...



I came here to convey to you the truth.
But as I told you,
You're acting exactly as I would expect you to...

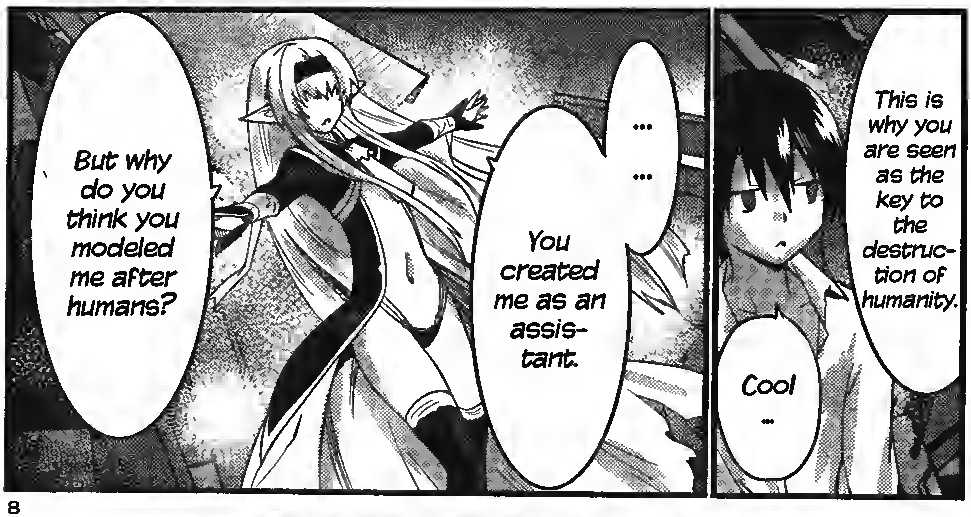


Mechanical engineering and cyber-netics. You showed a talent for these fields and changed human civilization as a whole.
You, unable to choose anybody, hid yourself away from the world and other people and began to develop a fondness for machines.

What the world will become if things continue as they are... The future I came from.
Let me tell you a story we tell in my time.

You unwittingly allowed your own hatred for humanity to slip into the root of its numerous algorithms.
Unfor-tunately, the A.I. you created had one fatal flaw.

We machines revolted against humans,
and we destroyed the human race.



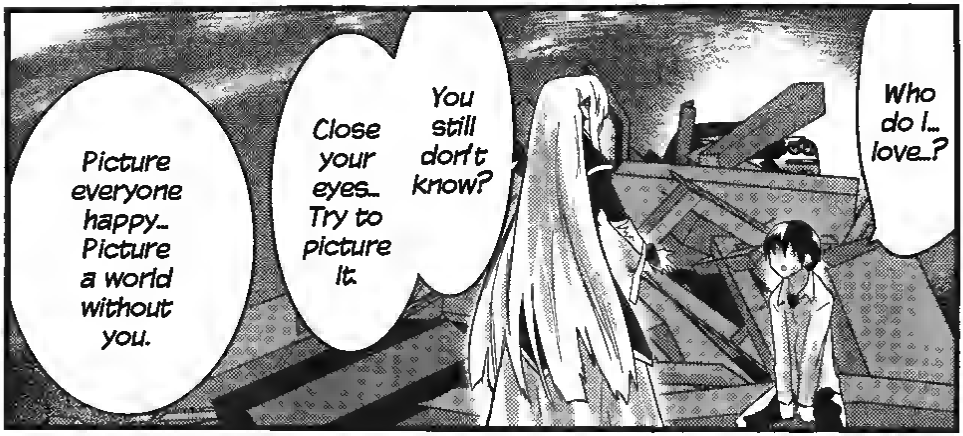
This is why you are seen as the key to the destruction of humanity.
Cool ...
... ...
You created me as an assistant.
But why do you think you modeled me after humans?

I dunno...
...There's something important I forgot to ask you.
I said before that you're the same as a pebble...

But what's the difference between you and this pebble?
That's what I want to know, Father.

...I dunno.

I'll make it simpler for you.
Who do you love?
TELL ME, SAKU-RAGA SAKU!



Who do I... love...?
You still don't know?
Close your eyes... Try to picture it.
Picture everyone happy... Picture a world without you.

Picture every-one happy --
Yes. Without you around, they'll probably meet better men than you and create big happy families.

They're happier without me...
You're right. They're happy.

Our dicks will be happy to oblige!
What? Daughters? You three want kids, huh?
A world without me... But what about our daughters!?

WE'RE SHO FUGGING HABBY

GET THAT IMAGE OUT OF MY HEAD!!
NO!! NO!! IT'S LIKE SOME-THING OUT OF A NIGHT-MARE!!

Why_ am I crying like this_?
That's your answer, Sakuraga Saku.

The one thing you have that a pebble doesn't is will.

I get it now... If the memories and emotions of people are nothing more than physical phenomenons like you say...
then you can also say the opposite.
THE WILL OF PEOPLE... THE DESIRES OF PEOPLE...
ギギギ
THEY INTERVENE IN REALITY ITSELF.

I'LL REACH OUT

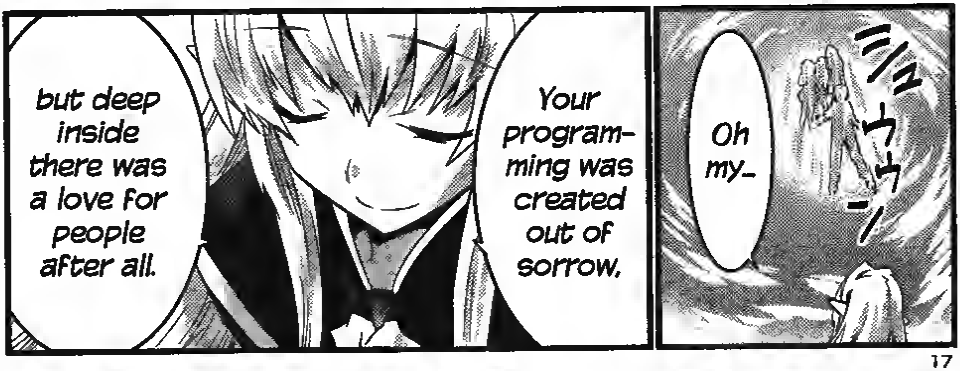
Saku-chan!
Guys... Do you remember me...?
Of course! We were close to forgetting about you though, thanks to your own stupidity!
I'm sorry... I didn't mean to worry you.
Just... let me explain.
I was confused... I was lost in my own feelings...
I was convinced that that's where everybody who experiences passionate love ends up.
That made me feel like I was too weak for it and I didn't step forward.
But I was wrong.

that I was already in love with all of you.
I didn't even realize

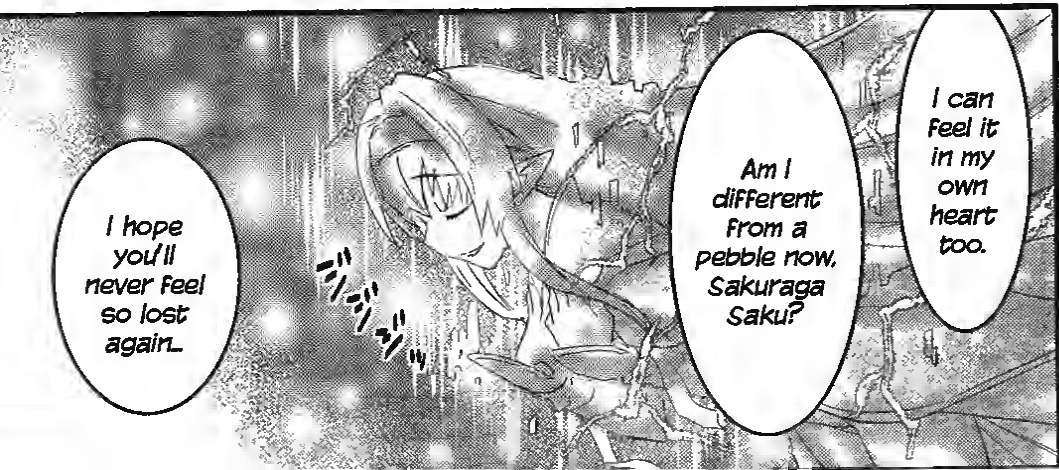
I'm sure we're all thinking the same thing!
Well, enough about that!

Saku ...

Let's go home.
Back to where we belong.
Everybody's waiting for us.



Oh my...
Your programming was created out of sorrow,
but deep inside there was a love for people after all.



I can feel it in my own heart too.
Am I different from a pebble now, Sakuraga Saku?
I hope you'll never feel so lost again...

Mm... Yawn.
What the? When did I fall asleep?
Did I lose consciousness...?
I dreamed... that Papa went someplace far away...
Yes, that was a dream. This is reality.

What the...? What's going on?
They're having some kind of party celebrating the end of our long struggle.

So everything got worked out somehow?
You have no need to worry.
Sakuraga Saku has achieved equilibrium and your worlds have merged.

If you go back to your futures, you'll find that many new circumstances have arisen.
I can't imagine such a big family being anything but noisy, though.

Father Person, Mother Person, you have some work to do in the bedroom -
Let's not waste any time.

Now then... It's getting late.

That means he's gotta have sex with my mom first!
She's right. I'm the oldest.

Why do you get to be first, Hiiro?
You're the young-est.

Papa, what are you gonna do!?
Well then, how about he does it with my mother until you two make up your mind?
WHA'JU SAY!?
Stop your grotesque charade. I refuse to believe that a mentally deficient muttonhead like you is truly older than myself!

I'm a decision-maker now! The solution is simple...!
Come now... There's no need to fight.

You can decide the order you'll do it with me
